Dear Santanu & Team of 'Pointers who Care' ,

Thank you for your great generosity! We, from South Point 66 Social Welfare Society , greatly appreciate your donation to meet the Critical Medicines for the 52 inmates of Prabartak Sangha , home for Orphanage . 33 out of the 52 inmates suffer from severe epilepsy. Your support and such generosity helps to further our mission to continue our support for these causes.

SPS is much beyond just an ' Institution ' . It actually denotes a ' Culture ' . culture of excellence , empowerment and enrichment .

Being a Pointer I feel blessed. The School has molded our personality and clarified our vision of the future.

Your group ' Pointers who Care ' too are doing yeoman's job by looking after all SPS old retired Teachers welfare to the best of your capability -- feel so proud of being a Pointer .

Let us remain in touch always and stand by each other for all such support. Thank you once again for your noble act. Must visit our FB page -- South Point 66 Social Welfare Society as well as our Portal :

<https://www.sphsgbs66.org> -- will give you an idea of what all we are doing.

Regards

Arun Bhattacharya

South Point 1966 Social Welfare Society.
