Dear All,

Greetings from the Old Age Home, All Bengal Women's Union!

Allow me to express my heartfelt thanks and gratitude for the continuous support extended towards the Old Age Home, ABWU. As you are already aware of, all our residents are from underprivileged background and have suffered abject malnourishment throughout their lives. Consequently, they need constant medical support when they come to us. Moreover, the lack of government funds makes our journey even tougher. In this context, it is your liberal donation that keeps us going, for which I do not have words enough to express my appreciation.

With your donation, we are also able to maintain hygiene and sanitation work in both our dormitories and toilets. We are also running vocational training for our residents which keeps them happy and engaged, using the donation amount.

With sincere regards.

Malabika Datta
Member in-charge.
